Guardion Health Sciences announces completion of Series B funding round, raising over \$3 million

San Diego, California – August 3rd, 2017 – Guardion Health Sciences, Inc. (“Guardion” or the “Company”), a leader in the field of ocular health technologies and products, completed their Series B funding round closing on July 31st, 2017, raising an aggregated total of \$3.105 million.

The Company intends to use the proceeds to accelerate expansion of their operations, implement their sales and marketing strategy, and complete development of additional products in their pipeline.

About Guardion Health Sciences, Inc.

Guardion Health Sciences, Inc. is a specialty health sciences company that develops, formulates and distributes condition-specific medical foods with an initial medical food product that addresses a depleted macular protective pigment, a known risk factor for age-related macular degeneration (“AMD”), and a significant component of functional vision performance. Guardion Health Sciences, Inc. has also developed a proprietary medical device, the MapcatSF[®], which accurately measures the macular pigment density, therefore providing the only two-pronged evidence based protocol.
